## International Policy

### Introduction

Staff at Thistly Meadow all recognise that:

- Global issues are becoming an increasingly important part of the lives of our pupils, living in world where economies are interdependent and global communication is a daily reality. Our pupils have access to the internet and increased opportunity to travel, watch news stories from around the world, as they develop and follow international sporting events, for example.
- Global issues should be reflected in the attitudes and values of our pupils, the ethos of the school and the curriculum.
- As a school, we have a commitment to equal opportunities including racial equality.

### Purpose

- To provide an informed awareness of countries, cultures and languages other than our own.
- To develop curiosity of other cultures.
- To encourage open questioning and debate challenging social and cultural stereotypes.
- To enable pupils, staff and governors to experience daily life in other countries.
- To promote the use of ICT in meaningful contexts for the development of communication skills.
- To provide an added opportunity for the promotion of equal opportunities, racial equality and citizenship.
- To prepare pupils for life in a diverse global society.
- To compliment and enrich the PSHE and SMSC teaching that the school already provides for pupils in our care.

- Welcome to our school, teachers and pupils from other countries.
- Encourage interest and motivation through the provision of first hand experiences of life in another country.
- Promote communication through writing letters, sending cards and class blogs for regular contact.
- Provide teachers with opportunities to compare different teaching and learning styles.
